APPLICATION PROCESS

Lakeshore Church Internship is dedicated to helping the next generation of leaders become who God has called them to be. Our detailed application process gives us a better understanding of the quality of interns we have applying every year. Upon following these steps and turning in all the required material, you will also have a better understanding of what to expect from joining LCI. If you have any questions at all during the application process please contact Caleb Fauber at 972-771-1942 or by email at “cfauber@lakeshorechurch.net.” Our prayer and desire is that God would direct you in your application process and that He would guide your steps according to Proverbs 3:5-6.

The Need

The greatest need for the Church today is well-rounded leaders who understand their identity and calling in Christ. At LCI we want to help bridge the gap between the needs of the local church and the need that future leaders have in developing the necessary skills to further their ministry/career. We accomplish this by giving them hands on training through coaching, teaching and practical application.

The Value

The value of such a relationship between LCI’s interns and the local church doesn’t only help the intern but also helps the church grow. The hands on training that you will receive at LCI will cover areas of ministry you wouldn’t otherwise know about in a college setting. The Value is being able to experience these different scenarios of ministry in a safe, teachable environment.
